

mmAD Dataset Usage Agreement

mmGuard: A Countermeasure against Physical Adversarial Attacks on mmWave Radar Sensing

IEEE Transactions on Information Forensics and Security (TIFS), 2026

This Agreement governs access to and use of the **mmAD** dataset (the “Dataset”) and the accompanying **mmGuard** reference code (the “Code”), released by the authors of the above publication (the “Authors”). By signing this Agreement, the Recipient agrees to be bound by the following terms.

1. Permitted Use

1. The Dataset and Code are provided solely for **non-commercial academic research and educational purposes**.
2. Any commercial use, including but not limited to use in a product, service, or for-profit activity, is strictly prohibited without prior written permission from the Authors.

2. Restrictions

1. The Recipient shall **not redistribute, publish, sell, lease, sublicense, or otherwise transfer** the Dataset or Code, in whole or in part, to any third party.
2. The Recipient shall not share the download links or access credentials provided in the confirmation email with anyone outside the approved research group named below.
3. The Recipient shall not attempt to re-identify any individual or infer private information from the Dataset.
4. The Recipient shall not remove or alter any copyright, attribution, or proprietary notices contained in the Dataset or Code.

3. How to Apply

Please complete and sign the form below, scan it (or export it as a signed PDF), and email it to **gengruixu@mail.ustc.edu.cn**. Upon approval, you will receive a confirmation email within two days containing a complete package with **both** the Dataset download links and the mmGuard reference code.

Recipient Information

Full Name: _____

Position / Title: _____

Institution / Organization: _____

Institutional Email: _____

I have read, understood, and agree to be bound by all terms of this Agreement.

Signature: _____ Date: _____
