

MMGUARD DATASET & CODE RELEASE AGREEMENT

mmGuard is a defense against physical adversarial attacks on mmWave radar sensing, released together with the mmAD dataset and the reference code by the Intelligent Perception Laboratory (IP Lab), University of Science and Technology of China. Any individual or group is allowed to access the dataset and code under the following conditions:

1. The dataset and code should not be further distributed, published, modified or copied.
2. The dataset and code are only being used for scientific purposes.
3. The following reference should be cited if the dataset or code is used.
